- Open to Everyone!
- Visiting Celebrity violin virtuoso John Harding
- Four Days of fun ensemble strings tuition and musical games
- Suitable for beginners to advanced levels
 - 4 levels of ensemble
- Morning and afternoon tea supplied (Bring your own lunch)
- Beginner Violin class - Learn to play violin in 4 days! (we can supply your instrument if necessary)

Central Coast Conservatorium has been holding the Strings Summer School for the past 18 years. Our program is modelled on our highly successful Saturday Morning Strings program. We will have guest artists come and conduct masterclasses, technical workshops and the possibility of private lessons at this year's Summer School. These will be announced soon.

Learn to Play the Violin in 4 Days

Designed for total beginners as a fun and condensed introduction to violin playing. Classes run in the afternoons with students attending the Children's Music Program in the mornings. Students may opt to only attend this afternoon session.

Mini Strings

Suitable for students able to play in first position and who have started reading notes. Fun catchy tunes with piano accompaniment.

Grades: preliminary-G1

String Ensemble

In the String Ensemble students will learn how to play together as a group, follow the conductor, refine bow strokes and sight reading up to 3rd position.

Grades: G2-G4

String Orchestra - in the orchestra students will enjoy challenging repertoire where the emphasis is towards technical perfection and musical interpretation.

Grades: G5-G7

Senior Chamber Orchestra

This group is our top ensemble. Students are trained to play without a conductor. The emphasis is on musical imagination and interpretation.

Grade 7

During Summer School students will have masterclass opportunities with respected musicians and chamber music coaching for the more advanced students. We also offer a technique class where students get to discuss aspects of violin playing and work together on specific technical

games and exercises. Students also enjoy an improvisation class and social lunchtimes with group soccer (weather permitting).

CMP Summer School:

Students in the Children's Music Program will receive an introduction to the program in the morning, followed by strings tuition in the afternoons.

These students can be from 5 years of age. Instruments will be supplied.

Our CMP course has been developed by a team of highly specialised teachers experienced in the field of early childhood education. The CMP summer school program will include:

- choral work,
- musical games
- instruments such as keyboards, percussion, ukulele and recorder.
