

# EVENTS CALENDAR

INSPIRING  
ARTISTRY **2019**

## MESSAGE FROM OUR ARTISTIC DIRECTOR

Dear Music Lovers,  
Welcome to our 2019 Events Calendar. Together with our affiliated Central Coast arts organisations, the Conservatorium is delighted to highlight a broad range of exciting and inspiring events both

professional and community generated across so many different genres. This year's program offers new and stimulating musical and cultural experiences for audiences and artists of all ages.

The Conservatorium's commitment to advocating for music education within our community and schools is unwavering. The positive impact that comprehensive instrumental tuition has on the wellbeing of the individual, especially brain development, is now undeniable. This year we are elated to bring the foremost researcher on this topic, **Dr Anita Collins (Don't Stop the Music ABC TV series)** to the Coast for a **public lecture** at the Laycock Street Theatre and **professional development sessions** with our wonderful teachers.

I am extremely excited to introduce a new innovation to our calendar in 2019, **Music Week**. This week long extravaganza, at the end of term 2 and term 4, will engage our **students, families** and the **community** when we open our doors for a week of experiential music activities produced by our incredible artistic and education faculties. Music Week will generate a **vast array of activities** including dynamic playing and performance opportunities, music workshops, master classes, dissertations, fast track short courses and a variety of informative talks. This is our offering to the community to experience the full range of musical activities and the wealth of knowledge that underpins music education and performance at the Central Coast Conservatorium.

Once again, we welcome to the Coast another **Sydney International Piano Competition of Australia** winner. This year's invited international

artist **American pianist Kenneth Broberg** will captivate audiences with a magnificent display of virtuosity and musicality. We are excited to have Kenneth on the Coast as part of his **national tour** and are grateful to **Kawai** for their continued support through the loan of a world-class professional piano for this event.

If you haven't been to our **Premier Ensembles Concerts** you must come along and support the Central Coast's most promising up and coming instrumental musicians. This series of concerts at the end of each term showcases the **Central Coast Youth Orchestra** and our other large ensembles to the community. In 2019 we have an exceptional and inspiring line-up of **Special Guests** including musicians from the **Opera Australia Orchestra** to workshop and perform alongside our students in these concerts. Our student musicians are an inspiration to behold and we are very proud to showcase them publicly and look forward to you supporting the musicians of the future at these public concerts.

For lovers of chamber music, or for those yet to discover the joy of this genre, the **Crossroads Festival of Chamber Music** is a must see event. **Charmian Gadd**, our Patron and the Coast's very own **real-life violin virtuoso**, will again bring together some of **Australia's finest musicians** for a weekend of music making in an intimate setting. The Crossroads Festival in September is an **absolute must for your diary** where you'll witness wonderful music performed at the highest level by outstanding artists in close quarters.

We look forward to seeing you, your family and friends become part of a wonderful, diverse and fulfilling musical experience by visiting the Conservatorium and our associated venues in 2019.

Patrick Brennan
